

6K / 3K™

Exposure Lamps

Eng

6K / 3K

NuArc's 6K & 3K are metal halide exposure lamps that provide instant-start, shutterless operation on all freestanding and wall-mounted vacuum frames. The 6K & 3K produce respective light intensities of 6000 and 3000 watts and provide uniform coverage on direct, capillary, and indirect emulsions. Both feature push button controls and LED readout on a precision integrator with photo detector. Their shutter-free operation eliminates mechanical problems and warmup times. Each comes standard with a height-adjustable floor stand and heavy-duty casters.

Built with NuArc's attention to quality, durability and design excellence, and backed by NuArc's award-winning service, the 6K and 3K are designed for dependable performance, low maintenance, and long life.

6K / 3K™

Exposure Lamps

Standard Features

Design & Construction

- Heavy-duty all steel construction
- LED readout
- Push button control

Electrical Requirements

- 6K: 200/240v, 1 phase, 26/22 amps, 60 Hz
- 3K: 200/240v, 1 phase, 14 amps, 60 Hz

Light Source

- 6000 (6K) & 3000 (3K) watts
- Exposes all emulsions: direct, capillary, and indirect
- Multi-spectrum
- Light integrator helps insure exact exposure
- Point light source holds fine lines and dots
- Shutter-free operation eliminates mechanical problems

Size

- (W x D): 30" x 30" (76 x 76 cm)
- Height adjusts to accommodate virtually any size vacuum frame

Support

- 24-hour hotline

Training

- Access to the M&R/NuArc Training Centers

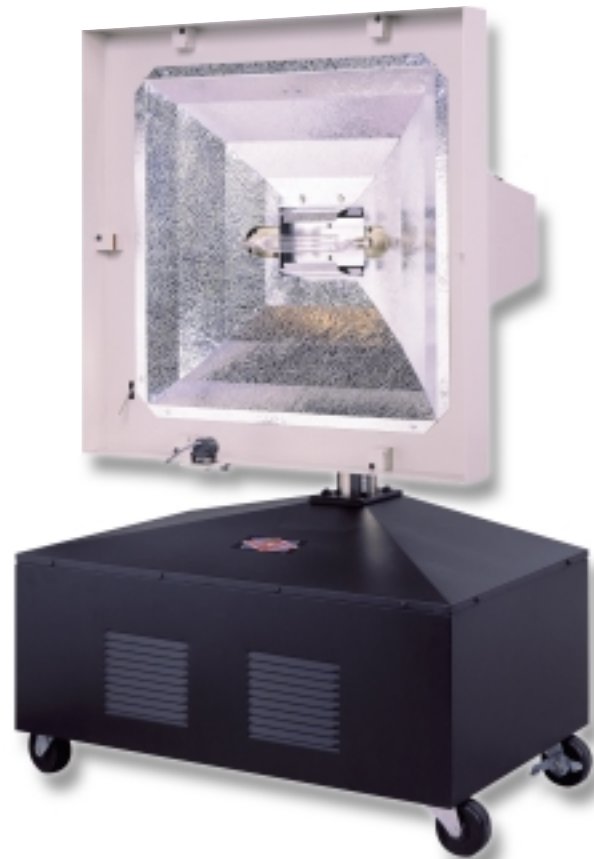

Warranty

- One-year limited warranty excluding blanket, glass, and lamps

Options & Accessories

Replacement Lamps

- 6K (6000 watt): PM78 (multi-spectrum)
- 3K (3000 watt): HT121 (multi-spectrum)

Specifications

Model	Wattage	Electrical Requirements	Unit Size (WxD)	Shipping Weight
6K	6000	200/240v, 1 phase, 26/22 amps, 60 Hz 200/240v, 1 phase, 29/28 amps, 50 Hz*	30" x 30" (76 x 76 cm)	345 lbs (157 kg)
3K	3000	200/240v, 1 phase, 14 amps, 60 Hz 200/240v, 1 phase, 16 amps, 50 Hz*	30" x 30" (76 x 76 cm)	330 lbs (150 kg)
